

Dear Friend,

On behalf of YingHua International School, it is our pleasure to invite you to be a sponsor of YingHua International School. Founded in 2007 by Dr. Bonnie Liao, YingHua International School ([YHIS](#)) is the only non-for-profit, independent school in New Jersey that offers full-time Chinese-English dual-language education to students from preschool through middle school grades. The School serves a culturally and linguistically diverse student population from the surrounding communities. Students are fully immersed in Mandarin Chinese while learning a hands-on, inquiry-based curriculum. Formal English instruction starts at first grade. YingHua International School is also proud to be a thriving participant in global education and only the 3rd school in the U.S. to offer International-Baccalaureate (IB)-certified academics with whole-school Chinese immersion. The YHIS Community lives and models the core School values of Excellence, Diversity, Integrity and Compassion in all they do each day.

As one YingHua Parent gratefully observed:

*“When we came to YingHua, we found a wonderful group of parents. I found that each and every parent cared so much about their child’s education that we really connected well because we all believed in the same cause. We all believed in the importance of teaching a dual language and we all believed in the IB curriculum. So, the bonds and friendships that are formed in this community are lifelong.”*

As another YingHua Parent noted:

*“We were looking for a dual language school. We wanted our children to simultaneously learn Chinese and English. However, when the kids started at YingHua, we realized that learning Chinese was the second best thing about being at YingHua. At the school, they’ve learned a lot of things that originally we couldn’t have even imagined. For example, through units of inquiry, they learn different research methods and skills. In the Buddy program, they learned how to interact with younger students. If we were to go back in time and had to select a school again, even it was just an English school and not a dual language, I would still choose YingHua. The teachers and staff are phenomenal, and the education is unparalleled.”*

Today, YingHua International School, is continuing to set new standards of educational excellence as a fully accredited school by the Middle States Association Commission on Elementary and Secondary Schools (MSA-CES) serving the greater Princeton Community and providing the children of our community with a local

resource that will change the lives not only of the students, but also the lives of their parents and their community. Chances are, that you may have a child, family member, or grandchild that has attended YingHua International School or know of someone else whose child's life was transformed by their experience at YingHua International School.

Please find the enclosed sheet setting forth the options for sponsorship opportunities. There are many different levels of support and participation.

Thank you very much for your time and consideration. Should you have any questions please don't hesitate to contact the School directly at [events@yhis.org](mailto:events@yhis.org).

Best -
