An International Baccalaureate World School Primary Years Program

YHIS Early Childhood Teacher Job Description

Overview

Founded in 2007, YingHua International School (YHIS) is the only not-for-profit, independent school in New Jersey that offers full-time Chinese-English dual-language education to students from 18 months through middle school grades. We serve a culturally and linguistically diverse student population from the surrounding communities. Students are immersed in Mandarin Chinese while learning through a hands-on, inquiry-based curriculum. Formal English instruction starts at first grade. YHIS is accredited by the Middle States Association Commission on Elementary and Secondary Schools and authorized by the International Baccalaureate World Schools Primary Years Programme.

The school seeks highly motivated and dedicated Early Childhood teachers with a strong sense of responsibility. As a teacher here, you will have the opportunity to develop your own skills and make a real impact on the development of your students and colleagues.

About the role

In collaboration with the Head Teacher, you will develop and teach a wholesome curriculum to children (24 months through Kindergarten) in the Early Years Program (EYP) in Mandarin Chinese.

You should be organized, patient, have strong collaboration skills, and possess a passion for education. You should be able to connect deeply with the early learners and facilitate their holistic growth and development. You should be proactive, self-directed and an excellent communicator. You should partner with the school community to create a school culture that values diversity, excellence, integrity and compassion.
